Dear Colleagues,

The Association of Chinese Professors of Social Sciences in the United States (ACPSS) was founded in June 1995 by a group of Chinese social science and humanities professors and researchers residing in North America.

The Association of Chinese Professors of Social Sciences in the United States (ACPSS) held its 23rd International conference at High Point University. The conference accepted 96 proposals, 71 of them were presented on site. The conference was a great success. The ACPSS 24th International Conference was held at Troy University, Montgomery in collaboration with Troy University main campus and the Confucius Institute at Troy University on October 12-14, 2018.

In 2018, based on a thorough discussion, ACPSS and the Culture Development Institute at Communication University of China (CUC) signed a Memorandum of Understanding on a collaborative project on the Implementation of the "Cultural Tourism Town Planning, Design and Exhibition of Works." We hope the project can be put into practice as planned soon with everyone's support and effort.

In summer 2018, ten ACPSS members were invited by the Culture Development Institute of CUC to explore the development and future of Xiong'an New Area. They also gave lectures on multiple subjects at CUC. The feedbacks are very positive.

In addition, five members of ACPSS went to Hubei University and attended an international forum on urban development and planning. The forum was hosted by the Center of Collaborative Innovation Center at Hubei University,

The board of ACPSS has been discussing multiple items, including Membership Drive, ACPSS Summer Lectures, the 25th International Conference Theme, New Board Election, ACPSS Journal, Revision of Bylaw, and others etc. The current board has received many constructive suggestions and comments during the business meeting at the ACPSS 24th International Conference.

Sincerely,
Ronghua Ouyang
President of ACPSS
